EYFS Boat Trip

As part of our learning journey, we delved into the fascinating world of boats. To enhance our experience, we took a trip to Stratford for a delightful boat ride along the river. The captain shared interesting insights about the wildlife, and we were thrilled to spot birds that we don't typically see at school or home.

After the boat adventure, the children enjoyed some time at the park, including fun in the sand pit. We wrapped up the day with a lovely picnic filled with games and delicious food. The children returned brimming with excitement, eager to share their favourite moments and experiences from the boat ride!
