### **KS1 Hainault Forest Trip**

In Year 1 & 2, we had a fantastic time going on our first school trip in the new year completing different activities related to our learning journey 'Into the Forest'. Although it was raining, but we were determined to continue our outdoor learning, we completed many fun activities while we were there. When we arrived, we learnt all about different habitats and what animals live in each habitat. We then walked into the woods and enjoyed looking at the different types of trees and animals!

Back to school to have our packed lunches! What a day!
