NSPCC Number Day 2024

A huge thank you to everyone for their amazing contributions for NSPCC Number Day! Costumes and cakes were amazing and the effort and time that went into them was truly inspiring! The children started their day with a Number Assembly

Catwalk, strutting their stuff down the hall in front of all the school showing off their outfits - an amazing sight, with some amazing dance moves! They then spent the day completing activities full of number related tasks and had so much fun! From your amazing contributions, donations and cake sales we managed to raise a massive **£623** for the NSPCC. This money will help so many children in the UK find the right support they need and help support and save those less fortunate. Thank you.
