

Fullwood Primary School News Report

October 2023

Written by Miss Dattani/School Council

School Council 2023-2024

After a process of hustings, campaigning, and presenting their pledges to their classmates, children were elected by their peers through a democratic voting process. This reflects our commitment to British values, where promoting democracy helps teach children about fair voting systems and ensures their voices are heard through their chosen representatives.

At Fullwood, we take great pride in our pupil voice, and we want to congratulate all the children who participated and those who were elected this year. We hope this experience boosts their confidence, empowers them to make positive changes, and leads to hosting fantastic events in the year ahead. Here is this year's team:
