## Tower of London KS1

Years 1 and 2 visited the Tower of London this week as part of the learning journey, Turrets and Tiaras. This was a completion of their knight training, where they had learnt all about castles, knights and mediaeval times.

At the tower, children went through the process of learning how to behave as a knight would. As a reward, Sir Thomas gifted them a royal egg! With something mysterious inside...

Children also had an opportunity to visit different parts of the castle and identify key features that they had learnt prior. This provided an enhanced learning experience, which we all thoroughly enjoyed.
