The Year 2 Team

Year 2 RE trip to St Pauls

As part of our learning for Religious Education, the year 2 children have been to visit St Paul's Cathedral this week. This was to help support their understanding of Christianity and the way that Christians worship and the traditions held. The children were so well behaved and learnt so much about the faith as well as customs and history of St Pauls. This experience will go on to support all the children this term as we learn even more about faiths and traditions.
