Year 6 Sikhism Pop-up Festival

As part of the R.E curriculum, Year 6 have been learning all about Sikhism during the autumn term. To show our wonderful learning to parents, we hosted a 'Pop-up Festival'! Throughout the afternoon, there were a variety of activities for the children and their parents to enjoy. The children discussed how Sikh people celebrate Diwali and they had the opportunity to create beautiful rangoli patterns using colourful rice and different pulses. They looked at the Mool Mantar and then wrote their own statements about what they believe, the world or their family. Many children loved asking their parents quiz questions about Sikhism and they also decorated diya lamps that they made in class. We also prepared food and drinks for the children to enjoy with their parents.

The children also learnt a Punjabi Bhangra dance, that they performed at the start and the end of the festival! We had a wonderful afternoon and the children loved being able to discuss everything they have learnt throughout the term.
