Elwood's Ancient Journey: A Stunning Start to Ancient Greece!

Years 5 and 6 have stepped back in time to Ancient Greece with two unforgettable days of learning and adventure!

The journey began with Elwood's Banquet, where the children were greeted with a shocking mystery; a puppet body wheeled into the hall! Introduced by the enigmatic Mr Fletcher, the children became historical detectives,

solving a thrilling murder mystery by examining clues and learning about life in Ancient Greece.

Day two saw the arrival of Titus, a captivating storyteller and expert in Ancient Greek history, who brought the past to life. The children experienced hands-on activities, from trying their hand at archery (aiming at shields, armor, and even Medusa!) to re-enacting battle strategies. They worked together to form battle walls with shields and foam spears, discovering how Ancient Greek warriors fought in epic battles.

These immersive workshops have given the children a fantastic introduction to Ancient Greece, sparking curiosity and excitement for our new topic. Thank you for all the support from our parents as we would not have been able to really immerse them! We can't wait to see where their learning journey takes them next!
