UKS2 Gymnastics workshop

On February 13th, ten children from Years 5 and 6 attended a gymnastics workshop at Redbridge Sports Centre. For 90 minutes they were taught by an expert team made up of gymnasts and instructors how to explore strength, speed and agility.

Children took turns balancing on the high beam, circling the uneven bars, performing cartwheels, and leaping onto vaults.

They all had a great workout and a great/fantastic time!
