## **Tennis festival**

If you want to win Wimbledon then you have to start somewhere...the indoor tennis courts at Redbridge Sports Centre was the venue for a tennis workshop for ten Fullwood boys and girls from Years 2 and 3.

A whole day was spent learning new skills exploring movement and hand eye coordination through a series of games and activities. Children were put through their paces and by the end of the day showed real confidence swinging a tennis racket.

Well done to all of our wonderful children!
